SIMPLE FOR YOU

How the Partner Program works

Every store is tracked to you from the moment they scan. First scan wins, and it never gets reassigned.

YOUR COMMISSION

What you earn on every store

25%

Year one

of every monthly subscription, for the first 12 months

15%

Year two

of every monthly subscription, months 13 to 24

Paid monthly

You're paid every month the store keeps paying, not a one-time bounty. After month 24, you've helped build a customer that's here to stay.

Commission is paid on subscription fees actually collected, so it only ever counts real, paying stores.

EXTRA REWARDS

Volume bonuses on top

One-time bonuses, paid the first time you reach each level of active paying stores. Yours to keep.

\$100

at 10 active stores

\$300

at 25 active stores

\$750

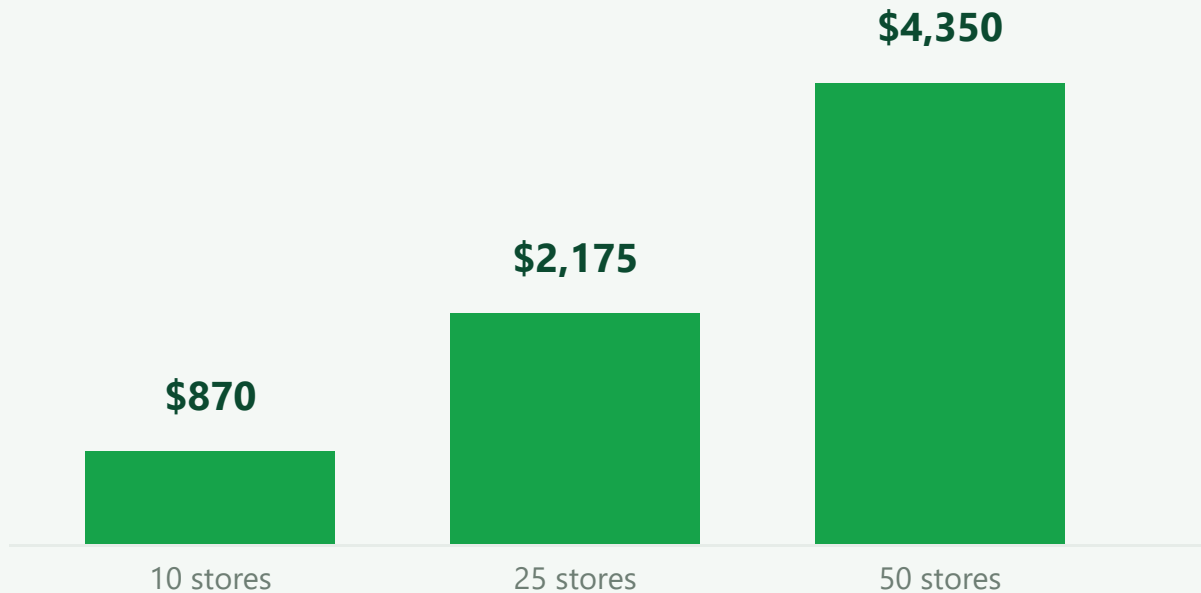

at 50 active stores

Reach all three and that's \$1,150 in bonuses, on top of your recurring commission.

THE MATH

What it looks like in real money

Estimated year-one commission, by stores referred

Per store, over two years

Year 1 · 25% ≈ \$87

Year 2 · 15% ≈ \$52

Total per store ≈ \$139

Based on a single-store shop at \$29/mo; multi-store owners pay more, so you earn more. Plus volume bonuses up to \$750 each.

THE DEAL FOR YOU

Why partners love it

Recurring income

Earn every month a store stays, not one-and-done.

Use your network

Turn store relationships you already have into income.

No minimum payout

Get paid by bank transfer, check, or cash.

Transparent tracking

See your stores and earnings on monthly statements.

Free to join

No cost, no quota. Refer at your own pace.

Keep earning if you step back

Stop referring and you still earn the full 25% / 15% on stores you already brought in, through their two-year window.

BUILT ON TRUST

Fair, tracked, and transparent

First-touch attribution

Each store is credited to whoever's code they scanned first, fixed at signup and never reassigned.

Paid on real payments

Commission counts only stores that actually pay, after the free trial. No games.

Clear monthly statements

Every referral, active store, and dollar earned, laid out for you.

Your earnings protected

Program terms can only change going forward, never on stores you've already earned.
